2017 ANNUAL REPORT

INFORMED PARENTS | HEALTHY KIDS

BOOSTOREGON.ORG

BOOST OREGON

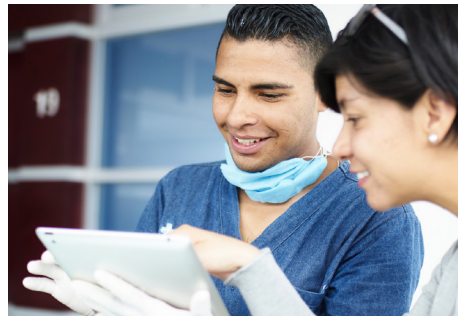

Boost Oregon educates parents and the general public about the benefits and safety of childhood vaccinations. We aim to increase the vaccination rates of Oregon's children through community education and peer advocacy.

We support vaccination education with a three-pronged approach:

1 EDUCATE PARENTS

2 SUPPORT MEDICAL PROVIDERS

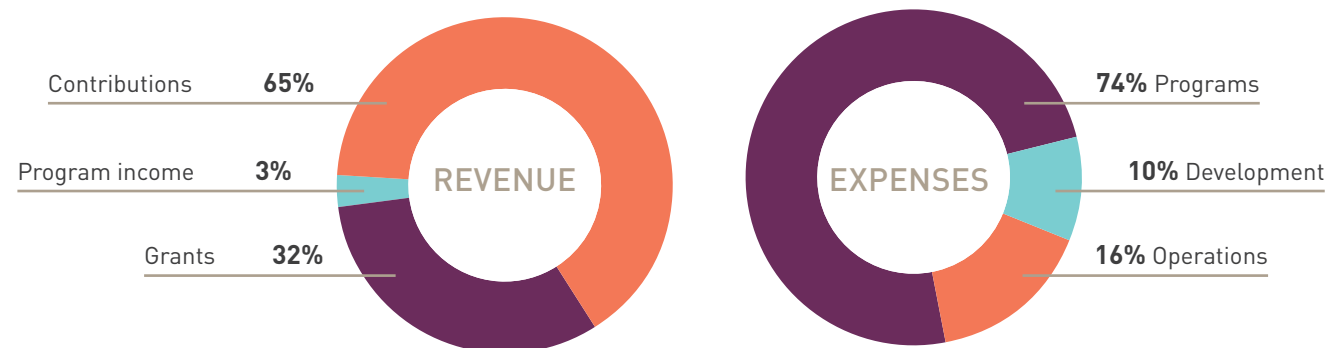

3 ENCOURAGE PARENT ADVOCATES

Boost Oregon wants parents to feel informed and confident about their children's vaccines, not fearful or hesitant. Knowledge is power, and we empower parents to make the best decisions for their children's health.

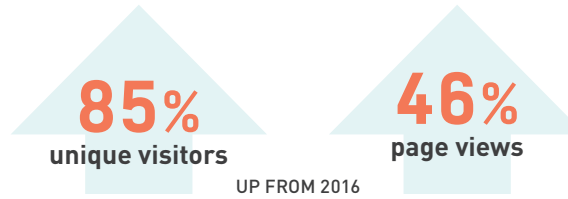

Boost Oregon is a 501(c)(3) nonprofit organization based in Portland, Oregon.

FINANCIALS

* Boost Oregon does not accept contributions from pharmaceutical companies.
